

Magee Poets Social Media Useful Links

Magee Park Poets Workshop

January 27, 2013

Link	Notes
box.com	Place to share files you can't put on wordpress.com (like MP3s!)
chrisvera.com	Crazy guy who talks about poetry, social media, and writing but rarely anything useful ☺
dropbox.com	Another great place to share files for free.
facebook.com	Popular social network for reaching your audience and other writers
godaddy.com	Ready to go pro? Get your own domain name...for a fee. Also does web hosting. Research first!
linkedin.com	Professional social network for discussions on the business of what you do
paint.net	Free graphics editor for Windows
Pinterest	Picture-focused content sharing site, like a scrap book.
Privacy Rights Clearinghouse	Tips to protect your privacy while using social media!
Social media tips from Ohio State University	Some good tips for using social media, especially writing posts. (PDF file)
twitter.com	Perhaps the most popular micro-blogging site outside of China.
Ultimate Social Media Guide for Writers	Some good tips on using social media for writers by a guy that used to do marketing professionally (and I think still does...)
WordPress tutorials	Great lessons from the people that use WordPress. Highly recommend starting here.
wordpress.com	Hosted WordPress blogging software. Free and easy. Less flexible than wordpress.org
wordpress.org	Do-it-yourself blog. Also free, but you need a website and a database to host your blog. Only for those who are interested in technical challenges.
